Protective Clothing
Brochure

Full Body Protection

ULTITEC 1000L

TYPE 5 TYPE 6 EN 1073-2 EN 1149-5

Particles & Light Liquid Spray Protective Clothing

- Superior barrier against harmful particles, filter out most small size particulates.
- Provide non-antistatic (EN 1149-5) version, ULTITEC 1000L-NA.

Applications

Asbestos Grinding Construction Metal Polishing Wind Energy Food Industry

ULTITEC 2000

TYPE 5-B TYPE 6-B EN 1073-2 EN 1149-5 EN 14126

Premium Oil, Liquid Splash & Biohazards Resistant Protective Clothing

- Outstanding barrier against oil and heavy liquid splash, reaches the highest standard of biohazard protection.
- Suitable for cleanroom environment with controlled variables. Meets the standard of ISO Class 6 and above.

Applications

Agriculture Automotive Biological Hazards Disaster Management Disease Control Pharmaceutical

ULTITEC 1000FR

TYPE 5 TYPE 6 EN 1073-2 EN 1149-5 EN ISO 14116 Index 1

*Only fabric meets EN ISO 14116 requirement

Particles, Light Chemical Spray & Flame-Retardant Protective Clothing

- Meet EN ISO 14116 Index 1, offer limited flame spread protection for your high-price flame resistant garment.
- Provide protection for chemical hazards.

Applications

Pharmaceutical Metal Welding Steel Factory Railway Power Plant Mining

ULTITEC 4000S

TYPE 5-B TYPE 6-B EN 1073-2 EN 1149-5 EN 14126

Liquid Chemical Resistant Protective Clothing

- Sturdy protection for harmful and heavy liquid.
- Use the same fabric as ULTITEC 4000, please check ULTITEC website or APP for the updated chemical permeation data list.

Applications

Electronic Industry Biological Hazards Chemical Handling Mining Waste Management Pharmaceutical

ULTITEC 1800

TYPE 5-B TYPE 6-B EN 1073-2 EN 1149-5 EN 14126

Oil & Liquid Splash Resistant Protective Clothing

- Widely applied in multiple industries with its liquid splash protection capabilities.
- Enhance your wearing experience with highly breathable fabric.

Applications

Mining Automotive Wind Energy Cleaning Process Chemical Plants Waste Management

ULTITEC 4000

TYPE 3-B TYPE 4-B TYPE 5-B TYPE 6-B EN 1073-2 EN 1149-5 EN 14126 EN ISO 27065

Numerous Chemicals Defense & Liquid Jet Resistant Protective Clothing

- Protect wearers from hazardous pressurized liquid chemicals.
- Please check ULTITEC website or APP for the updated chemical permeation data list.
- Pass EN ISO 27065 and reach level C2, suitable for wearers when applying pesticides.

Applications

Chemical Handling Disease Control Petrochemical Agriculture Oil Refinery Semiconductor

ULTITEC 1800T

TYPE 4-B TYPE 5-B TYPE 6-B EN 1073-2 EN 1149-5 EN 14126

Oil & Saturated Splash Resistant Protective Clothing

- Proven protection of fabric performance against industrial chemicals.
- Sealed seam for premium protection against both particle and liquid leakage.

Applications

Agriculture Automotive Biological Hazards Chemical Plants Disaster Management Resin Application

ULTITEC 1500

TYPE 3-B TYPE 4-B TYPE 5-B TYPE 6-B EN 1073-2 EN 1149-5 EN 14126 EN ISO 27065

Defend Wide Range of Chemicals and Toxic Liquid Jets Resistant Protective Clothing

- Exceptional barrier against wide range of toxic liquid chemicals.
- Please check ULTITEC website or APP for the updated chemical permeation data list.
- Pass EN ISO 27065 and reach level C2, suitable for wearers when applying pesticides.

Applications

Emergency Response Chemical Handling Disaster Management Agriculture Pest Control Biological Hazards
